

MEET THE TEACHER

INTRODUCTION

Hi families! I am Ms. Abby. This will be my 3rd year teaching early childhood special education. I am originally from Nashville, TN. I went to college at Nashville State University for my associate's in early childhood, Austin Peay for my undergraduate, but ended up transferring to Grand Canyon University online. I've been with WCS since November 2017. I was a teacher's assistant in K-5 and felt called to be in the early childhood program. Growing up, I had an older brother with severe autism. He passed away from kidney failure in 2017 and am grateful to honor him in his legacy to teach. I am excited to grow, learn, and have fun this year with your child. It's going to be a great year ☀️

CONTACTS

email:

abby.clinkenbeard@wcs.edu

REMINDERS

I will send weekly newsletters with information on what your child is learning and important dates such as school events and breaks.

Please send a snack, water bottle, and your child's folder each day.

FUN FACTS

I am getting married on September 6th to my amazing fiancé, Zac. We've been together for 7 years. We also have a mini golden doodle named Finley Mae. Another fun fact is I love flying, going to church, and hanging out with my family + friends.

TEACHER PHILOSOPHY

I believe every child is uniquely created with purpose and the ability to grow and learn. As an educator, I aim to make learning fun, build a safe environment where students feel seen, and advocate for individualizing the curriculum to ensure all of my students succeed.
